COVID-19 Indoor Cleaning Procedures

Restrooms

- Restrooms are disinfected at the start of each day, every hour, as well as in between rentals, and at the end of every night.
- This includes but is not limited to: sinks, toilets, floors, mirrors, soap, paper towel, and toilet paper dispensers.

High Traffic Touch Points

- High traffic touch points are disinfected every 30 minutes, as well as in between rentals, and at the end of every night.
- This includes but is not limited to: bathroom knobs, entrance/exit knobs, arena door handles, and the arena bench areas.
- Arena benches will be sanitized with disinfectant in between each rental transition.

Turf

- At the end of every night using a specific disinfectant, all our turf areas (used, or not) are thoroughly sanitized with disinfectant spray.

Box Lacrosse Equipment

- Stored in a 20 foot container, box goalie equipment is hung and separated to air out and disinfect.
- Installed in the 20 foot container is an automated disinfectant sprayer that will be on a timer and give off the disinfectant.
- Each team will be designated a set of gear for the weekend and that gear will not be used back to back games.
